

**SAVE THE DATE**

The Department of State  
requests the pleasure of your company  
at a side event following the Global Health Security Agenda Ministerial  
under the theme

**“Building Health Security through Public Private Partnerships: Best Practices and Challenges”**

on Friday, November 9, 2018  
from eight in the morning until five o'clock in the afternoon

at the

**Inaya Putri Bali Hotel**  
Kawasan Wisata Nusa Nuda  
Kabupaten Badung, Bali 80363

The purpose of this meeting is to promote global health security and advance local and regional collaboration with the private sector and governments under the auspices of the Global Health Security Agenda (GHSA). GHSA envisions a world safe and secure from global health threats posed by infectious diseases.

The conference will convene foreign governmental officials, international organizations, local and regional private companies, and decision-makers across multiple sectors. Attendees will share experiences, best practices, and challenges in applying and implementing global health security capacity building activities through public-private partnerships.

Your participation would be most welcome to strengthen global health security and relationships with the private sector community.

**RSVP**

Please send email response by October 31 to:

Mark Lucera | [LuceraMB@State.gov](mailto:LuceraMB@State.gov)  
Marcela Lievano-Martinez | [Lievano-MartinezML@State.gov](mailto:Lievano-MartinezML@State.gov)

When responding, please provide government affiliation, official title, and ministry

This invitation is non-transferable and it is limited to only two government representatives per country. Additional event logistics will be provided to those who confirm their participation.
